Passport Number: R0967334

PROFESSIONAL SUMMARY

Results-oriented Software Engineer with over 4 years of experience in designing, developing, and deploying scalable web and mobile applications. Skilled in Angular, TypeScript, and API integration, with a strong ability to optimize performance and deliver user-focused solutions. Experienced in Agile methodologies, CI/CD pipelines, and collaborative development environments. Proven success in enhancing system efficiency, improving user experience, and achieving measurable performance gains across multiple projects.

CORE SKILLS

Programming & Frameworks: Angular (2+), TypeScript, JavaScript, Node.js, Ionic Framework

Frontend Technologies: HTML5, CSS3, Bootstrap, WordPress, Responsive Design

Version Control & CI/CD: Git, GitHub, Jenkins

Development Practices: Agile, Scrum, Unit Testing, Code Reviews

Tools & Platforms: Figma, Adobe XD, Illustrator

Soft Skills: Problem-Solving, Analytical Thinking, Team Collaboration, Effective Communication

WORK EXPERIENCE

Senior Software Engineer (Freelance)

CAPSLOCK Technologies | Jan 2025 – Present

- Developed and deployed high-performance Angular applications, reducing load times by 25%.
- Integrated RESTful APIs and third-party services, improving reliability and scalability.
- Created responsive, user-friendly interfaces ensuring smooth performance across all devices.
- Partnered directly with clients for requirement analysis, sprint planning, and delivery.
- Applied lazy loading, modular architecture, and advanced optimizations for maintainable codebases.

Technologies: Angular, TypeScript, HTML5, CSS3, Bootstrap, API Integration, Agile

Software Engineer

GODB Tech Private Ltd. (Insillion) | Aug 2022 – Dec 2024

- Engineered dynamic Angular-based web applications, improving responsiveness and cutting load time by 20%.
- Collaborated with backend teams to integrate RESTful APIs, streamlining data transfer by 25%.
- Conducted code reviews and implemented automated testing, reducing production defects by 30%.
- Delivered incremental updates through Agile sprints, ensuring alignment with project objectives.

Technologies: Angular, TypeScript, HTML5, CSS3, Bootstrap, Agile

Front-End Developer

Eficaz Technology Solution Pvt. Ltd. | Feb 2021 – Aug 2022

- Crafted user-focused, responsive interfaces, increasing user engagement by 30%.
- Optimized performance and refined UI/UX design for better usability.
- Partnered with cross-functional teams to ensure smooth integration, reducing downtime by 15%.

Technologies: Angular, HTML, CSS, JavaScript, Ionic

Junior Software Engineer

Mobi Enable Solution Pvt. Ltd. | Jul 2019 – Aug 2020

- Built and maintained web and mobile applications, improving the development cycle by 10%.
- Enhanced client satisfaction to 95% through intuitive UI redesigns.
- Resolved technical issues to increase system stability and reduce crashes by 20%.

Technologies: JavaScript, Ionic framework, HTML, CSS

EDUCATION

Master of Computer Applications (MCA)

Nehru Institute of Information Technology & Management, Anna University (2017 – 2019)

Approved by AICTE

Bachelor of Computer Applications (BCA)

Nehru Arts and Science College, Bharathiar University (2014 – 2017)

Recognized by UGC with 2(f) and 12(B), accredited by NAAC

PROJECTS

- Insillion Angular Web Application (2021–2024): Lead front-end development, enhanced responsiveness and interactivity by 40%.
- Fitbet (2021–2022): Designed engaging UI/UX for a health and fitness app, improving user retention by 15%.
- Libe (2020–2021): Developed a cross-platform app using Ionic, achieving over 10,000 downloads within six months.
- FingerTip Online Shopping App (2020–2021): Built an e-commerce platform that increased customer retention by 25%.
- AnyTimeLearn App (2019–2020): Created a digital learning app serving over 5,000+ students and employees.
